

SALIENT FEATURES

- ANCHOR II is made for building a fixture to hold new body parts in place when welding and bonding.
- ANCHOR II - Anchoring and Holding System coupled with Bench PL-15 makes the pulling more effective and versatile.
- A system made for easy and speedy holding and anchoring, without extra fixtures.
- Universal - fits any car, van, SUV on the road, no need to rent or buy extra fixtures
- Modular — limited components that, when combined, meet your repair needs.
- Fast — quick and easy set-up saves time and money.
- Vise-like clamps for no slips
- Isolate pulling force by holding adjacent areas
